

## Phoenix Singers- Notes on 2020/21 Accounts

Phoenix Singers 2020/21 season was exceptional in that there were no rehearsals or performances because of government regulations regarding COVID-19. Despite these limitations members were able to meet online and various financial transactions took place which are explained below.

1. Gift Aid. I took the opportunity to claim all outstanding Gift Aid on Members and Friends donations for the years 2019/20 (£1886.81) and 2018/19 (£1561.34).
2. Donations. During the year Phoenix Singers hosted a number of online events by professional musicians for which members were invited to make voluntary contributions which were then used to pay the performers (see note on Miscellaneous).
3. Insurance and Making Music. This heading covers payments to Making Music for continuing membership and insurance to 31 December 2021.
4. Performing Right Fees. This item is for the concert that took place in the previous financial year (Britten: Saint Nicolas).
5. Miscellaneous. This item covers the payments made to professional performers for online events covered by Members/Friends donations and a small contribution from general funds.
6. Other Activities. This item covers the venue and catering cost of the "Welcome Back" social event at "The Crown" Framlingham.
